

# ST. PAUL CATHOLIC SCHOOL

*“Teaching, Living, and Learning in the Light of Christ”*

## MAKING \$ AND CENTS OF TUITION

St. Paul School and Parish are committed to making a Catholic education available to as many families as possible. The parish and school administration work diligently to keep costs in line while constantly seeking resources and monies for students. Tuition is determined based on the cost of operating the school and the total enrollment. St. Paul Parish provides an operating subsidy to help keep tuition affordable.

### *We offer need-based assistance.*

Tuition assistance is available through the Parish and Diocesan FACTS tuition assistance program. Last year, families received over \$150,000 in tuition assistance.

***Your tax dollars are used to provide crucial student support services.***

Each year St. Paul School receives over \$1,000,000 in government funding and services from your tax dollars. These funds are used to cover the costs of services provided by our school nurse, guidance counselor, intervention specialists, speech therapist, and other related services as needed. These funds also are used for technology and secular instructional resources such as textbooks.
