

Annual Notification of AHERA Activities

St. Paul Catholic School

Date: July 16, 2018

To: All school District Employees, Parents, and Students

From: Columbus Catholic Diocese LEA

Subject: Annual Notification of AHERA Activities *for St. Paul Catholic School*

The following activities took place between Sept 1, 2017 and Aug 31, 2018 fulfilling our requirements under 40CFR 763 (AHERA)

- An AHERA re-inspection was performed during the summer of 2018.
- A 6-month Surveillance inspection will be performed in December 2018.
- A 6-month Surveillance inspection is scheduled for June 2019.
- An AHERA 3-year re-inspection will be scheduled for 2021.
- No major or minor fiber release episodes were recorded during the 2017 – 2018 school year.
- No asbestos removal is planned for the 2018 – 2019 school year.

Should you have any questions regarding the information included in this notification, or wish to review the school's Asbestos Management Plan, please contact the principal (*Kathleen Norris, 614-882-2710*)

PLAN TO INFORM

St. Paul Catholic School

Date: July 16, 2018

To: Columbus Diocese Workers, Students and their Guardians

From: LEA

RE: Notification Requirement per Asbestos Hazard Emergency Response Act

Consistent with the requirements of the Asbestos Hazard Emergency Response Act or "AHERA" (40CFR Part 763) the Columbus Diocese Schools inspect for Asbestos Containing Building Materials (ACBM) and develop an Asbestos Management Plan for each school. This is to:

"Ensure that workers and building occupants, organizations, or parent teacher organizations, are informed at least once each school year about inspections, response actions, and post response actions activities, including periodic re-inspections and surveillance activities that are planned or are in progress."

"Ensure that short term workers (e.g. phone repair workers, utility repair workers, or exterminators) who may come in contact with asbestos in a school are provided information regarding the location of asbestos containing building material (ACBM) and suspected or assumed ACBM."

Some Diocese of Columbus school buildings contain known or suspected asbestos containing building materials and are subject to periodic surveillances every six months.

Each of the school buildings is being re-inspected and an Asbestos Management Plan is currently being prepared. When completed they will be available for review at the school offices. This notice is provided as the annual notification required by AHERA.
